

RECITAL 2009 - Class Assignments - The following outline was determined after many hours of consideration. In order of priority, we aim to place preschoolers and their older siblings in the same show, we then look at placing older children and siblings in the same show, and we always try to place a child's second or third dance (hip-hop) in the same show. It is an impossible goal. In many cases, dancers have options to change classes in order to dance in a specific show. To discuss options for your child, you should first identify the alternate class that is performing in your preferred show. Your teacher can confirm that this placement is appropriate and the change can be scheduled for anytime between now and January 5. **Please notify the studio by NOVEMBER 24 IF YOU PLAN ON CHANGING CLASSES.** Costumes are being ordered on DECEMBER 1 for each group and, in some cases, the costume may change with the class. Thank you for your understanding! We are planning a fantastic show for this 27th recital and we are thrilled to include your child and family in our plans! We look forward to a unique and entertaining weekend of family dance entertainment!
